## STORM VICTIMS.

Wide-Spread and Serious Disasters From Wind and Rain.

Milwaukee, Wis., and Dubuque, Ia., Suffer Very Severely.

Many Places Reported Struck by Lightning—Roofs Lifted and Houses and Barns Tipped Over—Several Narrow Escapes From Death.

MILWAUKEE, Wis., July 27.—Two severe storms swept over the eastern portion of the state Sunday and Sunday night. Many places are reported to have been struck by lightning and much damage has been done. There was a small cloudburst over this city Sunday night and the rain fell in such quantities the streets are filled with water and cellars in the down town districts are flooded. Arthur Furstel, a six-year-old boy, was severely burned by touching a trolley pole which was charged by the electric storm.

HOMER, Mich., July 27.—A terrible wind storm struck this village Sunday evening. Roofs were lifted, houses partly blown away, barns tipped over and over half of the fine maple trees about the town were blown over. The plate glass windows in Linn & Co.'s store were blown in. The worst part of the cyclone seemed to have passed a little to the northwest of the town, and many of the finest farm houses in this vicinity laid in its path. There were several narrow escapes of persons caught out in the storm, but as yet no one is reported as injured.

Dubuque, Ia., July 27.—One of the heaviest rain storms ever known in Dubuque occurred here Sunday night. Two thousand people were caught in a heavy shower at the Sangerbund picnic Monday and were drenched to the skin. A tornado passed over the city, followed by torrents of rain. The streets are blocked with mud and Seventeenth street is impassable. One of the power houses was struck by lightning and the dynamo burned out. No cars were running on this line for two hours. The damage in the city is great.

DETROIT, Mich., July 27.—The storm which swept over Michigan Sunday afternoon did much damage in many places. At Northville the heavy rain-fall caused the river Rouge to leave its banks flooding the shops of the Globe Furniture Co., and carried away lumber and many small buildings. The losses will aggregate \$10,000.

In and around Mt. Clemens lightning did much damage. The house of Mrs. Chris Schoof was struck by lightning and burned near there. John Measles' house was struck by a bolt

and Measles and a Mrs. Diehl were severely injured.

At Three Rivers the storm was of a cyclonic nature. The streets are blockaded with trees that were uprooted; the roof of the Methodist Episcopal church was partially torn off and the electric light and telephone systems nearly demolished. Reports from the country east and west of Three Rivers say the damage is very heavy. Fruit trees were stripped bare and many fields of corn are flat and probably ruined.

The section around Battle Creek also suffered severely. The barn and house of Ransom Markham, near there, were blown down and Markham was severely injured.

**Revolt Growing.**  
LONDON, July 27.—Advices received here are to the effect that rising in Macedonia against Turkish authority is rapidly assuming a more than usually threatening aspect and that the disaffection is spreading in Thessalonica. A number of Greeks have gone to the aid of the rebels and have been received with much enthusiasm by the Macedonians. A revolutionary committee at Larissa is almost openly engaged in the work of enrolling volunteers for service in the rebel ranks. The porte charges that the Greek government is conniving at the attempts of the insurgents to overthrow Turkish rule in Macedonia and that non-commissioned officers and privates of the Greek army are among those who are aiding the rebels. The porte claims that these Greeks are joining the Macedonians in disguise.

**Incompetent Consuls.**  
WASHINGTON, July 27.—While the state department has not yet received the resignations of three consuls that have been called for recently, there is no longer any secret that those of Edward P. C. Hammond, at Bahia Pict, Marshall P. Thatcher, at Windsor, Ont., and Henry C. Smith, at Santos, Brazil, will be promptly forthcoming. The coincidence in these resignations being called for just at the present time is entirely accidental. They are located outside of the districts recently inspected with a view to improving the service, and the requests for resignations are due to complaints coming from their respective posts. None of them has rendered satisfactory service since his appointment.

**Suicide's Cool Act.**  
DAYTON, O., July 27.—George Shortell, a bartender, committed suicide on the boulevard about 12:30 Monday morning, by firing a pistol shot through his brain. He sat on a rustic chair greeting passers-by, and when approached by a policeman said he was waiting for the last car. A moment later the bartender sent a bullet crashing through his brain. He had been drinking heavily.

## ONCE MORE

Morrison, Col., is the Victim of a Vicious Flood,

More Fatal to Life Than That of the One Friday Night.

Twenty-Six Bodies Recovered and Identified—Others Buried in the Sand or Carried Down Stream—Golden Also Again Visited.

MORRISON, Col., July 27.—A second flood Saturday afternoon resulted in completely paralyzing all efforts to recover the bodies of those lost in the debris of Friday night's flood. The people are worn out with the excitement and labor of struggling amidst the rubbish brought down the canyon by the great wall of water which Friday night just at dark surprised the camping families along the road above town. At dark Saturday night 26 bodies had been recovered and identified. The others are either buried from sight in the sand or have been carried further down the stream, and possibly into the Platte river. Reports from up the canyon bring the cheering news that none of the people there camping were lost.

The list of dead follows: Mrs. Moses Miller and three children, of Morrison; child of J. C. Longenecker, of Morrison; Thomas McGough, aged 21, of Dayton, O.; Mrs. A. S. Proctor, 32 years old; Robert James Proctor, 5 years; Grace Proctor, 7 years; Edith Proctor, 2 years; Mrs. T. F. Casey, 38 years; James Casey, 12 years; Eddie Casey, 10 years; Annie Casey, 8 years; Anna Casey, 5 years; Clara Casey, 3 years; Mrs. Anthony Herres, 31 years; Eugene Herres, 7 years; Mabel Herres, 2½ years; Josephine Herres, 6 years; Carol Herres, 4 years; Annie Hansen, 20 years; Miss Della Horner, Miss Mary Horner, Miss Josephine Holme, Mrs. Horace M. Warren, all of Denver.

Mr. and Mrs. H. M. Warren, jr., who are well known in Brooklyn society, where their relatives and friends reside, came up from Denver Friday on the afternoon train to spend Saturday and Sunday at the Horner ranch, up Mount Vernon canyon. They were met at the station of the Lakewood railroad at Golden by the Misses Horner and Miss Josephine Holme, also of Denver, and started for the ranch. The flood overtook them and the four ladies were drowned. Their bodies were found Sunday morning buried under brush and sand about 200 feet from the place where the water struck the carriage. Mr. Warren was swept away and his body was lodged in the branches of a tree, where he was afterward found, terribly bruised, but alive.

Miss Holme was the daughter of the manager of the Denver Water Co., and the Misses Horner were daughters of Judge J. W. Horner, also of Denver. Seventeen persons in cabins and tents in Bear Creek canyon, a few miles above town, constituted one party. One of the Proctor children was rescued by the heroic efforts of two young men who braved the flood when at its highest point to save the child. She says the water came while they were all in the house and were all swept away.

The Herres family become extinct, the father and husband having died a few months ago. The Casey family were also in this party. Mrs. Miller lived here, her husband being engaged in mining and was not at home at the time. The Longenecker family were upstairs in their home when the flood came. He saved all but one member of his family, a little boy called Jake.

**GOLDEN, July 27.**—Three bodies, all that are known to have been lost in Saturday night's flood in this city, have been recovered. The dead are: A. A. Johnson, Mrs. A. A. Johnson, Mrs. J. F. Edward, all of Golden.

Another flood came over the canyon Sunday afternoon but no lives were lost. Seventeen people came in from Idaho Springs Sunday afternoon, having left the train at Beaver Brook, and walking in from that point. They report that the track and roadbed is about all gone between Golden and Beaver Brook.

About seven o'clock Saturday night threatening clouds came over the hill from the direction of Morrison. It has been cloudy and foggy all day, and the clouds gathered into ominous looking masses. Rain fell in torrents from the start, followed by hail, then a wall of water from twenty-five to thirty feet in height came rushing down Clear creek, carrying everything before it. The flood lasted about half an hour, and was followed by a heavy rain, which continued until about 10 o'clock. At that hour a body of water, greater in volume than the first flood, came down Tucker gulch, emptying into Clear creek. It was this second flood that carried away the house of Johnson and his wife and which drowned Mrs. Edwards.

**DENVER, Col., July 27.**—The victims of Friday night's flood were three in Golden, four in Mt. Vernon canyon and 21 near Morrison, making the total 28. The servant girl, Anna Hansen, who was reported dead, was not at the camp at the time of the flood and consequently escaped. A charcoal burner named Nichols, up at Evergreen, is reported missing, making the total still 28. Of these, 16 bodies were recovered Saturday and the body of Mabel Herres, a little child, was found Sunday. P. Johnson, of Arvada, telephoned in to Denver Sunday afternoon that he had four bodies in the bed of Clear creek about a mile above the town of Arvada. The coroner at Golden was notified and will take charge of the bodies.

Up to the discovery of these four bodies, no report of any missing persons has come from Golden. Arvada is a country hamlet between Golden and Denver along the Clear creek valley. These bodies, therefore, either floated down from Golden or are those of campers in Clear creek valley between the two points.

## LOST ON THE DESERT.

Two Gold Prospectors Lost on the Mojave Desert—Bodies Found.

PORONA, Cal., July 27.—Edward M. Clark, of New York, and his companion, Henry Sanford, of Columbus, Mo., have undoubtedly been lost in the Mojave desert while prospecting for gold. The two men left Banning a few weeks ago, and at last accounts their provisions had given out and their horses had succumbed to the heat. A prospector who returned from the desert Sunday reports finding two bodies answering the descriptions of Clark and Sanford, lying on the desert 25 miles from Volcano Springs, near which point the men were last seen. The dead horses of the prospectors were also found, and their trappings tally with those purchased by Clark and Sanford.

Clark was a member of one of the best known families in New York state. His uncle was ex-Gov. Myron H. Clark, of Canandaigua, and his cousin is State Treasurer Colvin, of Glens Falls, N. Y. Clark came to California two years ago with an invalid wife, and by an unfortunate speculation in mines he lost all he had. He was too proud to ask his eastern relatives for assistance and determined to make his own fortune over again.

Sanford has a wife and four children at Columbus, Mo.

## LOCKOUT ENDED.

The Brown Hoist and Conveying Works Remove the Blacklist and Employ all Union Men.

CLEVELAND, O., July 27.—The Brown hoist and conveying works lockout is ended. This is a virtual victory for the men. The proposition of the company as accepted is to remove the blacklist and re-employ all union men, irrespective of the part they have taken in the trouble at the works. The action on the part of the men was unanimous. The union is recognized and the men will get holidays and pay and a half for all overtime. Monday morning the men are to apply for work and be put on by Superintendent Hess as fast as work will warrant until all are employed. Committees are to be recognized when a grievance common to all of one trade exists. Both the Brown's, state arbitrators and men are jubilant at a harmonious settlement of the labor war which attracted so much attention. Fayette Brown came down stairs and tried to avoid the reporters. He said he had enough free advertising and declined to be interviewed. When the settlement was reported by the committee to the locked out men it was greeted with a cheer that could be heard blocks away.

## May Have a Civil Trial.

NEW YORK, July 27.—A special to the Herald from Havana says: A Madrid dispatch reports a noisy session of the cortes on Friday over the budget. The senate debate was highly excitable. The minority boycotted. It is reported that in view of the opposition shown toward the cabinet's financial plans the queen regent may command the suspension of the cortes on Monday or Tuesday next.

Consul General Lee, pursuant to instructions from Secretary Olney, will demand a civil trial for the American, George Washington Aguirre. It is understood that Capt. Gen. Weyler will, at the request of Gen. Lee and other consuls interested, so modify the decree with reference to aliens as to enable those finding it inconvenient to come to Havana to register their certificates of nationality at the office of the civil governor of the province wherein they reside.

## Killed by Falling Floor.

CHICAGO, July 27.—While clearing away the debris in the recently burned Diamond Match Co.'s building, Nos. 54 and 56 Michigan avenue, the supports of the first floor gave way at four o'clock Monday morning burying a half dozen men under heavy timbers. A dozen others fell to the ground floor in the midst of the debris. There were 25 men at work in the building and they sprang to the rescue of their comrades. An alarm of fire was turned in but the men had been taken out before the arrival of the department. The injured: Frank Bechell, laborer, No. 549 Clark street, seriously crushed; Henry Bergano, No. 1185 Sheffield avenue, crushed about body, may die; Otto Reese, No. 556 Wells street, internally injured, may die; Peter Romero, No. 590 Jefferson street, seriously cut and crushed.

## Death From Pneumonia.

CHICAGO, July 27.—The death of William Henry Smith at his home in Lake Forest occurred at 3 o'clock Monday morning from pneumonia. Mr. Smith was one of the best known citizens of Illinois. For many years he was the general manager of the Western Associated press. Under President Hayes he occupied the position of collector of customs and proved a very efficient official. He was secretary of state of Ohio, and wrote the history of that state. He was an able newspaper man and possessed rare executive abilities. He leaves one son, Mr. Delavan Smith.

## Died From Heart Disease.

LONDON, July 27.—Mrs. Mahlon Sands, daughter of the late Mr. Hartpence, of New York, and a niece of Gov. Levi P. Morton, died from heart disease on Friday last at her residence in this city, No. 40 Portland place, west. The funeral services will be held Tuesday at St. George's church, Hanover square, and the remains will afterward be shipped to the United States.

## SHOE FACTORY LOCKOUT.

Thos. C. Plant Co. Called to Account for Discharge of a Number of Lasters.

LYONS, Mass., July 27.—The Lasters' local boot and shoe workers' union has declared a lock out in the shoe factory of the Thomas C. Plant Co., on account of the firm's action in discharging some sixty of its lasters, also several McKay stitchers and cutters on Saturday. Monday agents of the Plant company brought to this city 25 lasters from New York City and South Brooklyn to fill the places of the locked out men. These men, 23 of whom are Italians, were told by the agent, a man named Samuel Jolly, that there was no trouble in the Plant factory, and were promised from \$12 to \$16 a week with steady work.

The local lasters' union had over 100 pickets on duty Monday on the streets leading from both the railway stations to the Plant factory, and when the men arrived they were at once intercepted by the locked out men and apprised of the trouble. The majority of the Italians refused to go to work in the factory, but one agent succeeded in getting six men into the shop by the rear door and it is said that these men are now at work.

The pickets state, however, that they will get these men to quit work.

## Turned Over to the Police.

BOSTON, July 27.—The Plant Line steamer Halifax, from Prince Edward Island and Halifax arrived Monday morning, having among the passengers Mate Bram, Seaman Brown, Steward Spencer, Mr. Lester Monks and five seamen from the barkentine Herbert Fuller, which put into Halifax Tuesday with Captain Nash, Mrs. Nash and Second Mate Bramberg, murdered. Officer Thomas Kline, of Halifax, accompanied the prisoners and turned them over to Police Captain Cain, of Division 1, who with 45 men was at the wharf when the vessel arrived, it being expected by the police that a large crowd would be present. There were many there, but there was no demonstration.

## Church Burned.

NORRISTOWN, Pa., July 27.—The Methodist Church at Willow Grove was destroyed Monday morning. How the flames started is a mystery. The building was of stone. Loss \$10,000.

## MANIAC'S VICTIMS.

Frank Pierson Cuts the Throats of His Father and Mother and Then Slashes His Own Neck.

IOWA FALLS, Ia., July 27.—Frank Pierson, in a fit of insanity, cut the throats of his aged father and mother and then opened his own neck, at their home in this city at an early hour Monday morning. Before beginning his work the maniac had started a fire in a trunk filled with combustibles in his own room upstairs with the evident intention of cremating the bodies of his intended victims. The weapon used was a razor with which he first cut his father, but he only succeeded in making a slight flesh wound on the neck. He then caught his mother with his left hand and drew the razor across her neck, cutting a deep gash from the ear to the middle of the neck. The lunatic then cut his own throat from ear to ear, partially severing the wind pipe, but strange to say, is still living, though the surgeon considers his recovery doubtful. The mother is in a precarious condition through loss of blood and nervous prostration, but hopes are entertained of her recovery. The maniac was but recently discharged from the asylum at Independence as cured.

## SAVINGS BANK DECISION.

Depositors Must Not be Careless With Their Pass Books.

NEW YORK, July 27.—Judge Daly, in the appellate term of the supreme court, Monday handed down a decision which is of interest to every savings bank depositor in the country. In it he holds that when a depositor subscribes to the rules of a savings bank, governing deposits, which rules provide that the presentation of a bank book shall be sufficient evidence of authority to the bank to make any payment to the bearer, such payments shall be valid when there is no circumstance in connection with the presentation of the pass book to justify suspicion. The decision in the case of a depositor of the Citizens' Savings bank against that institution who had nearly \$1,000 on deposit, and which deposit was withdrawn by another person who had obtained possession of his pass-book. Judge Daly's decision was on appeal. The case had been tried twice in the lower courts and in each decision was in favor of plaintiff.

## Bank Assigns.

DES MOINES, Ia., July 27.—The Farmers' bank of Rock Valley, Sioux county, made an assignment Monday morning to C. M. Swan. The cause of the failure is said to be inability to immediately realize on assets.
